

GBS is all about providing next-level benefit solutions for tech and start-up companies. We've been doing it since 1989, but don't worry, we're not stuck in 1989. Let us help you innovate your benefit experience.

Innovative Benefit Solutions

Designed for Innovators

Benefits Explained with BenXP

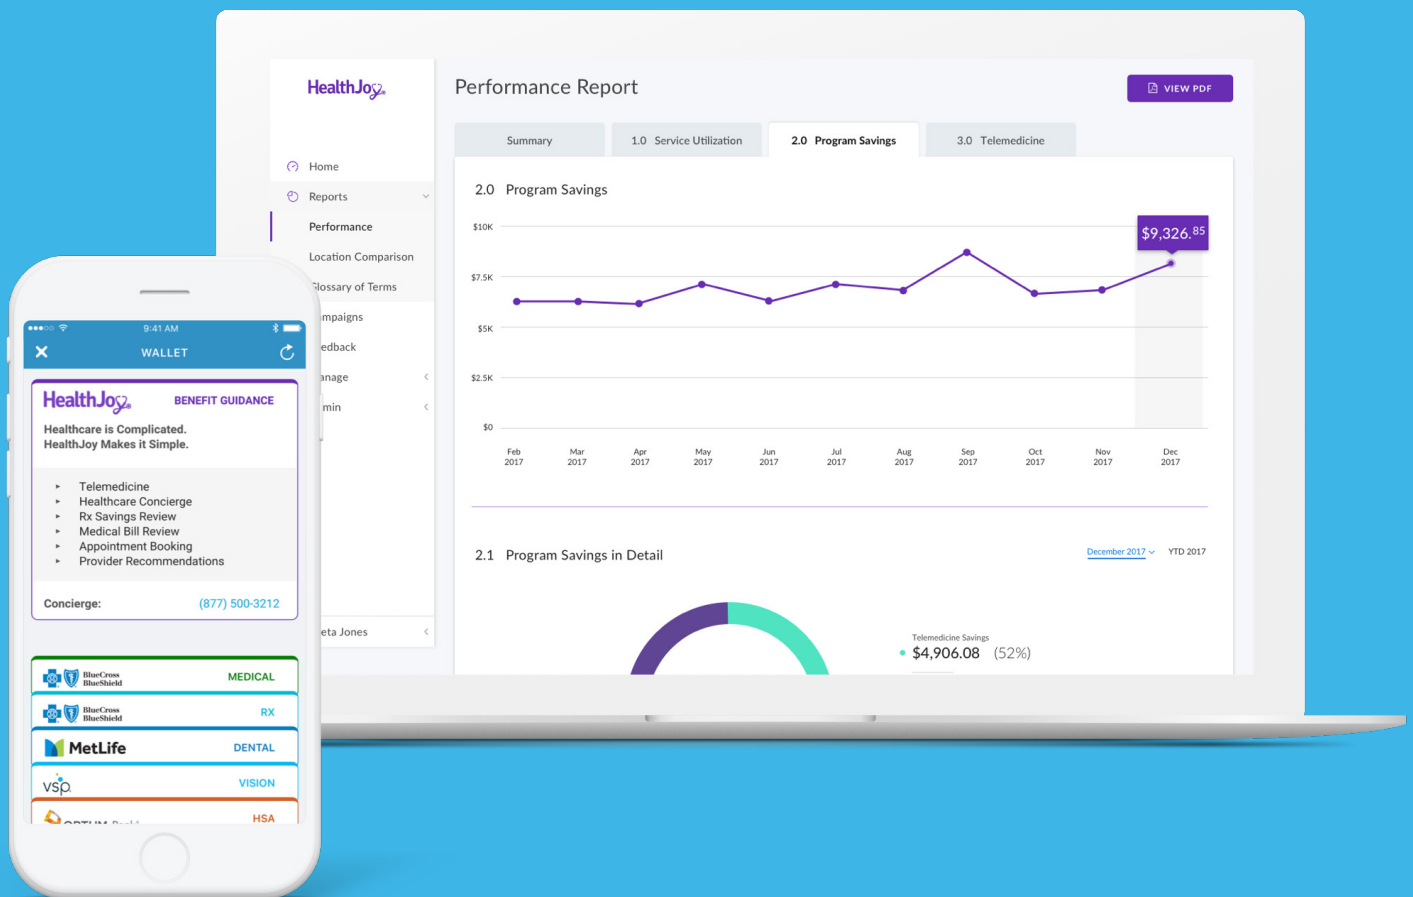

Have you ever been confused by your benefit options? Was it hard to choose the best plan for you and your family? BenXP transforms your employer's benefit options into an engaging, interactive experience.

Decision support to help you choose the right plan.
Access the content at work, at home, or on the go.
Learn about your benefits in a way that makes
sense to you.

Simplifying the Healthcare Experience with HealthJoy

Have you ever asked yourself why your benefits are still being communicated to you the same way it was done in 1985? Bring benefits engagement into the 21st century with HealthJoy.

Meet Joy (think of Siri or Alexa, but for healthcare).
See all of your benefits in one app.
Make better healthcare decisions.
Save money.

Let us help you innovate your benefits experience.
Do us a solid and introduce us to your HR team.
